Bag ideas by Pockets

There are bags and there are bags but not quite like Pockets. This business venture started three years ago by selling Pockets or bag organizers with lots of pockets (of course!). For easy find and retrieval of bag staples: wallets, keys, pens, cell phones, notepads, Pockets are handy and comes in three different sizes to fit any bags. They also sell Tidy bags with seven pockets, Baby Tidy bags with quilted lining and the Weekenders that are perfect for your out-of-town trips or weekend stay. You can also organize your bags with their very unique bag hangers. To be environmentally-in, replace your plastic grocery bags with their oversized, reversible Big Ol' Bag. Pockets can be found at bazaars but you can always go to www.bypockets.com.
